Name and Plot Number	Tyrrell Evans 192 and 213
Committee Position Interested In	Co -Chair with Sarah Thurman
Why are you interested in this position? 150 words max	<p>My wife and I loved the allotments, having had a plot for over ten years, and it has always given us so much peace, enjoyment, and relaxation.</p> <p>Since she died, I have found I have more time on my hands and I joined the committee about six months ago. I now see how much people do to make it all work so well for us.</p> <p>I am happy to offer the time and the skills that I have, to support our allotments and make them better still for all of us to enjoy. I have much to learn about the rules, regulations and organisations involved, but I know some well, and have always enjoyed connecting and working with others locally.</p> <p>Sarah and I feel we have worked well together over these initial few months and are working hard to foster still further the links between the committee and our members.</p>
What are your relevant skills and experiences? 150 words max	<p>I have been interim Co–Chair with Sarah Thurman since November. We have spent time learning how to work most effectively together using our skills and experience to the maximum effect.</p> <p>I have had leadership roles in several different organisations: as a GP Partner at Paxton Green Group Practice for 30 years; as a trustee for 15 years and Vice Chairman for 4 years with St Christopher’s Hospice; and I was involved in establishing and then Chairing our Residents Association, one of the first recognised by the Dulwich Estate.</p> <p>I was involved in all the activities you would expect such as governance, finance and fundraising, human resource issues, consultation processes, innovation, project management and complaints.</p>

	<p>Sarah and I believe we work well together, and with the committee, and believe we can all tackle the significant challenges that face us managing the site. We hope you will support us.</p>
<p>Who is seconding your nomination? (name & plot number)</p>	<p>Meng Neo Sim plots 193 and 211</p>
